

## MaTReC's 25<sup>th</sup> Anniversary Celebrations

Calling people from the Manor estate and anyone who has links to the organisation, past or present!! Manor Training & Resource Centre (**MaTReC**) is celebrating its 25<sup>th</sup> anniversary in 2012. Many people and organisations have been involved with the organisation but many changes over the years mean that direct contact cannot be made.

MaTReC would like to use the contact column to send an invitation to past learners, employees and partners it has worked with, or helped to achieve qualifications, to attend a celebratory event on **Friday 30 March 2012 at 304-8 Prince of Wales Road, Sheffield.**

If anyone has any early photographs or memorabilia, such as machine knitted MaTReC jumpers, then please contact **Sami** on **0114 2642194**. We are putting together a montage, using photographs and items, illustrating life, people and events throughout the years.

It would be wonderful to hear learner success stories. Did any previous learners make a million, start their own business or continue into higher education, etc? If MaTReC helped then we want to know!

The event will start run from 10.00 am until 2.00 pm and the Lord Mayor will be present at 11.00 am to present certificates to learners who have successfully completed training courses. There will be fun taster sessions for people to get involved in, other local organisations, raffle and tombola stalls, with a free barbecue and buffet.

The pictures show past celebration events, can you put names to faces?

Celebrating the Lord Mayors Parade
